**ASPEN PARK METROPOLITAN DISTRICT
2021 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Services Provided

The District was organized on November 5, 2002 to provide construction, installation, financing, and operation and maintenance of public improvements, including streets, storm water facilities, traffic and safety controls, park and recreation facilities, water and wastewater facilities, primarily for commercial development within the District. The District's service area is located entirely within Jefferson County, Colorado.

The District's voters approved general obligation indebtedness of \$2,500,000 for street improvements, \$1,000,000 for traffic and safety controls, \$5,000,000 for water supply system, \$23,000,000 for refinancing of District debt, \$23,000,000 for reimbursement of obligation to private entities, \$10,000,000 for sanitary sewer systems, \$3,000,000 for parks and recreation, \$500,000 for public transportation, \$500,000 for television relay and translation system, \$500,000 for mosquito control and \$5,000,000 for general operations and maintenance.

Further, the District's voters approved authorization to increase property taxes by up to \$500,000 annually, as necessary, to pay for the operations and maintenance expenditures of the District. Additionally, the voters allowed the District to retain all revenues without regard to the limitations contained in Article X, Section 20 of the Colorado constitution or any other law.

The District has no employees and all administrative functions are contracted.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August, and generally, sale of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

The calculation of the taxes levied is displayed on the Property Tax Summary page of the budget using the mill levy adopted by the District.

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 7% of the property taxes collected.
